Ayush Amrit Patel

ELECTRICAL ENGINEERING STUDENT

Electrical Engineering undergraduate with a strong passion for Artificial Intelligence and Machine Learning. Skilled in using AI tools to build web and mobile applications and automate everyday workflows. Always eager to explore emerging technologies that bridge core engineering with smart digital solutions.

PROFESSIONAL EXPERIENCE

Internship Student

2026-07 - 2026-09

Artificial Intelligence and Machine Learning, Online

- Built and deployed multiple minor and major AI/ML applications using Google Colab and AI-assisted development tools.
- Built AI-powered applications using generative AI tools for rapid prototyping and code optimization.
- Developed end-to-end Machine Learning models and AI-powered apps across several minor and major projects in Google Colab.

EDUCATION

2023-03

Secondary Education: C.B.S.E

Sundargarh Public School - Sundargarh, India

2025-03

Higher Secondary Education: Science In C.B.S.E

Krishna Vikash Residential School - Bargarh, India

Expected in 2029-05

Bachelor of Technology: Electrical Engineering

Indira Gandhi Institute of Technology - Sarang
